Certificates

Product certificate according to the PN 0885 Industrial Standard.

Directions for Use

Specific properties of the product need to be understood: Twin should be kept away from small children (danger of swallowing and/or inhalation).

Cosmetics

Ordinary cosmetics do not effect the glass and surface treatment. The surface layer does not dissolve. Neither the glass nor the surface treatment chemically interacts with fabrics or the skin.

Perspiration

When used for usual decorative purposes, Twin is not negatively effected by perspiration. The surface treatment remains stable.

Washing

Hand wash only.

Storage

The shelf life of Twin will increase when stored in a dry and dark place.

Color Fastness

Twin is color fast when stored in a dry and dark place.

When used for common garment and jewelry applications Twin maintains the same color. The color fastness has been tested according to the European CSN EN ISO 105-B02 Standard.

Ecology

Preciosa Ornela manufacturing facilities utilize the latest environmentally friendly production technology. When used for their intended purpose all products are free of health hazards.

Product Specifications

Shape/Hole: PRECIOSATwin™/2 Round Holes 
Standard Size: 2.5 x 5 mm
Approx. PCS/KG: 18900

Warning

Slight deviations in colors and sizes to be tolerated.

Silver Lining

Silver lining may change color when exposed to substances containing sulphur, acid or chlorine. Silver lining decays when exposed to these substances or if the silver lining's surface is mechanically scratched. Silver lining may discolor when stored in extreme heat and humidity.

Wear

Twin and the surface treatments are wear resistant. Excessive friction can result in high wear and partial loss of the surface finish.

The above properties will hold as long as Twin is not subjected to aggressive chemicals which would interact with glass or surface treatment.

Inside and outside coated Twin should be handled with extra care. If holes are scratched beads will gradually change or loose color.

Hand Wash

Do Not Iron

Do Not Dry Clean
