BRACELET IN AUTUMN COLORS WITH PRECIOSA CHILLI™

Autumn mood

PRECIOSA

Autumn mood

The universal two-hole PRECIOSA Chilli™ bead has combined with rocailles and pressed glass beads in autumn colors to create an original three-row bracelet. The simple „zigzag“ technique of stringing beads will definitely lead you to use beads from your supplies. Be inspired and create your own design which will bring you twice the pleasure.

- 6x cup tips; three-row magnetic fastening

- 0.20 mm nylon line; a thin needle;
scissors; needle nose pliers

Difficulty:

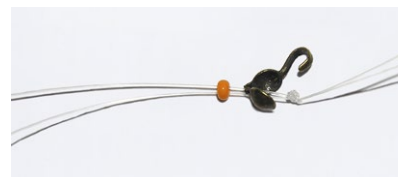

Technique: stringing

Procedure:

The bracelet consists of three rows.
The completely free-lying bracelet is about
18 cm long.

Preparing the line

Step 1:
The length of the line is two arm-lengths.
Thread the end of the line into the eye
of the needle. Move the needle
to the middle of the line. Tie the ends
of the line together. Tie them with three
knots, one after the other. String 1x cup tip.
Place the knot between the cup tip's cups.
Close the cup tip. String 1x R10.

Stringing the row

Step 2:
A total of 40x Ch and 12x PB8 and PB5 are
strung on the line. They are divided into
several sequences and each row is slightly
different.

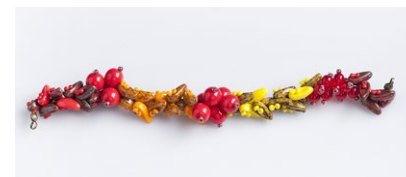

Row 1 - 12x Ch (a mixture of 9x veined
orange and 3x orange),
6x PB8, 12x Ch (a mixture of 9x mottled
yellow and 3x yellow),
12x PB5, 12x Ch (a mixture of 9x mottled
red and 3x red), 6x PB8 and 4x Ch
(a mixture of 3x veined orange and 1x
orange).

Step 3:
Row 2 - 4x Ch (a mixture of 3x mottled
yellow and 1x yellow),
12x PB5, 12x Ch (a mixture of 9x mottled
red and 3 red),
6x PB8, 12x Ch (a mixture of 9x veined
orange and 3x orange),
6x PB8 and 12x Ch (a mixture of 9x mottled
yellow and 3x yellow).

Step 4:
Row 3 - 10x Ch (a mixture of 8x mottled red
and 2x red),
6x PB8, 12x Ch (a mixture of 9x veined
orange and 3x orange),
6x PB8, 12x Ch (a mixture of 9x mottled
yellow and 3x yellow),
12x PB5 and 6x Ch (a mixture of 5x mottled
and 1x red).

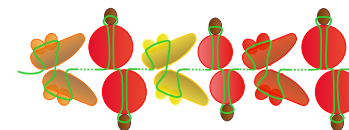

The Chilli stringing

Step 5:
String the Ch through the outer hole on
the arch from the outside. String 2x R10
(in the same color as the strung Ch). Thread
the line through the central hole
in the dimple.

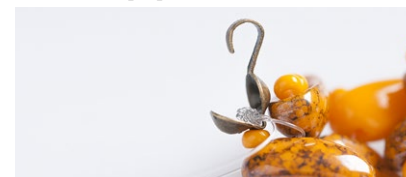

The bead stringing

String 1x bead. String 1x brown R10.
Thread the line back through the bead.

Completing the row

Step 6:
String 1x R10. String 1x cup tip. Place three
knots between the cups. Gradually tie them
one on the other. The knotting is more
difficult at this end. Try and place the loop
of the new knot under the previous one.
Close the cup tip.

Completion

Step 7:
Twist the hooks on the cup tips using
the needle nose pliers. Grip them between
the points of the pliers and twist them
around the points.
Open them slightly. Hang the fastening
in the loops and close them.
